Dear Sir,

As an NGO dedicated to the cause of developmental work in non-planned localities of Delhi, we bring to your kind notice extreme insanitation in Okhla locality due to negligence of garbage disposal agency and municipal corporation. It is being observed that agency, SPML, entrusted with the task is not removing garbage for several days which leads to foul stench all around the Okhla Head. Entire garbage is strewn around as the dust bin is not able stop overflow due to non-disposal. This is hazardous both for humans and nature.

Due to lack of proper waste disposal arrangement and negligence by municipal corporation staff, almost all areas in Okhla are dotted with heaps of garbage. Not having the sufficient garbage disposal system, people of locality throw the garbage where they find any vacant and trash lies on the ground clogging the streets and pipes turning entire Okhla into a dump yard and a slum.

The scheme of Delhi Municipal Corporation for door-to-door collection of garbage and collection of waste for transferring these to processing plants for recycling or compost production and sending the remaining part into sanitary landfill sites has also not been implemented in the area.

We request you to kindly get the matter looked into and take necessary steps for the proper disposal of garbage in the area and issue instructions to the concerned agencies and authorities in this regard for making proper arrangements and installation of large number of covered dust bins in all areas of Okhla.

We would further like to explain the issue personally and request you to kindly give us an appointment at the earliest.

Thanking you

Sincerely yours.

Dr. Tariq Ashraf
